

Container Company Aberdeen

ENVIRONMENTAL POLICY

Container Company (Aberdeen) Ltd regards compliance with legislative and regulatory requirements and the promotion of environmental protection in general, as a material objective of management and employees at all levels and will take practical steps to:

- Operate in a manner designed to minimise and, where possible, eliminate releases to air, land or water, focusing on safe technologies and operating practises.
- Integrate environmental factors into business decisions
- Seek suppliers and contractors who have high environmental performance standards
- Control the creation of waste and, where practicable, recycle materials. Waste will be disposed of in a safe and responsible manner.
